

Defense Cybersecurity Policy Intern

VIRTUAL STUDENT FEDERAL SERVICE

Project Title	Defense Cybersecurity Policy Intern
Project Summary	Support and inform the development of DoD-wide cybersecurity policy!
Country	United States

Project Description

This internship is located in the Office of the Deputy Chief Information Officer for Cybersecurity and the Chief Information Security Officer within the Office of the Secretary of Defense

This project is flexible on the work performed. We plan to leverage your skills, knowledge, abilities, and interests. Projects/work will change depending on current cybersecurity events and priorities of the DoD.

Interns will be responsible for supporting and informing the development of DoD CIO cyber defense policy through completion of unclassified open-source study and reporting in the areas of:

- Government and Industry Cyber Defense Information Sharing
- International cooperation and agreements promoting cyber defense
- Strategic communications of DoD CIO cyber defense priorities
- Monitoring of open-source intelligence on developments effecting DoD CIO cyber defense efforts
- Review, analysis, and recommendation of cybersecurity standards
